

Greetings: To Our Dahlia Friends and Customers:

We take great pleasure in handing you our 1956 list. The varieties listed have proven their ability to grow for us, by producing strong growth and plenty of bloom. Since 1920 we have served the dahlia loving public. Our motto: "Your Success Means Our Future." We don't try to see how many varieties we can grow, but try to grow the best.

GUARANTEE: While we exercise every care in filling of orders for roots and send out what we honestly think will grow, we do not guarantee any root that is shipped before March 15th. After that date all roots are guaranteed and will be replaced free of charge if they prove blind. Many of the failure with plants and roots are due to causes entirely beyond our control, such as weather and soil conditions, bad planting, etc., and while we take the greatest care to send out only stock which will produce satisfactory results, we cannot be held responsible for failure. A deposit required on all orders before shipping.

REFERENCE: We refer you to the Peoples Savings Bank or any merchant in our city, in regards to our honesty and integrity.
